

UNO Media 4

ReCharge, Play, Enjoy...

With the small footprint of the UNOMedia 4, guest have the space they need to recharge and play their mobile devices at the nightstand. It has the patent-pending, upgradable EasyCharge™ cable. Guest can conveniently connect their Apple legacy (iPhone 4s and older), Apple lightning (iPhone 5 and new iPad), Micro USB (Andriod, Blackberry and Windows) and audio 3.5 (for music). The patent-pending SmartSense™ feature enables guest to turn on the clock backlight or snooze the alarm simply by moving their hand close to the Media 4.

Bittell UNOMedia 4 is a fourth generation integrated solution. The UNO Family includes: UNOMedia, UNOCharger, UNOVoice, UNOMini and UNOSlim. With options to add the EasyCharge™ cable to many UNO products, recharging your mobile device is simple.

UNO Media 4

EasyCharge multi function cable (patent-pending) – an upgradable cable that currently supports Apple legacy products, Apple lightning (newer products), Micro USB (Android and many accessories) and a 3.5 audio connection.

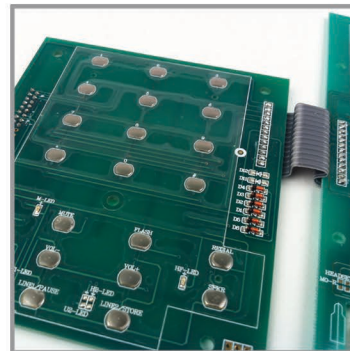

DuraFace™ Moisture and Spill-Resistant Acrylic Face
Our acrylic overlay effectively seals against moisture and spills to better protect against damage.

SmartSense (patent-pending) – an infrared feature that enables users to turn on the clock backlight or snooze the alarm just by coming with-in 12 inches on the product.

ProGard™ Keyboard
Our unique internal keyboard application provides far greater moisture protect and reliability.
